with financial support from Breckland District Council, the Geological Society of
Norfolk, Natural England, Norfolk Biodiversity Information Service and the
Strategic Waste Section at Norfolk County Council.

Announcing a new publication
November 2010

NORFOLK'S EARTH HERITAGE Valuing our geodiversity

A landmark publication on Norfolk's Earth heritage
and the need to conserve it.

- Provides a concise yet readable introduction to Norfolk's geodiversity and why it is an important resource for life today.
- Explains the business of geoconservation, and promotes a Geodiversity Action Plan for the county, calling for a partnership of like-minded organisations and individuals to take it forward.
- Includes a range of useful resources, including advice for planners.

Norfolk's Earth Heritage will provide a source of
information and inspiration for years to come.
